

# Delete Browsing History

## For Windows Vista Users.

1. Go to Start/Control Panel/Internet and Security/Delete Browsing History/Delete
2. Select all the "Boxes" you wish to empty. (make sure they are ticked)
3. Click **Delete**.

## For Windows 7 Users

Go to Start/Control Panel/Internet Options/General Tab/Browsing History – Click Delete

Select all boxes to be cleared.  
Click Delete.  
When the tool has finished click O.K.

## For XP Users.

Go to Start/Control Panel/Internet Options/General Tab/  
In the Browsing History Section click Delete.

In the next window:  
Click on the Delete File boxes of those boxes to clear.  
Alternatively click Delete All.

When the tool has finished Click close.
